APRIL 2026

Milwaukee County Real Estate Market Report: April 2026

Date Prepared: April 03, 2026

MARKET OVERVIEW

Market Snapshot

Milwaukee County's market is experiencing robust growth — median price up **14.3%**, pending sales surging **42.7%**, and homes selling in just **7 days**. Improving mortgage rates and strong local fundamentals are driving exceptional buyer activity.

Key Market Drivers

- Median price reached $300,000 — up 14.3% YoY
- Mortgage rates declined to 6.46% (3-year lows)
- Unemployment at 2.3–2.6%, wages up +4.5%
- 24% below national median of $396,800

PRICE TRENDS

Median Sales Price: $300,000

$300K

Current Price

+14.3%

YoY Change

$262.5K

Prior Year

For Buyers

- $300K is 24% below national median
- Strong value vs. comparable markets

For Sellers

- Prices up 14.3% — excellent equity gains
- Luxury segment up 122% in transactions

MARKET SPEED

Days on Market: 7 Days

Current	Last Year	Change
7 Days	**9 Days**	**–2 Days**

Homes are selling **faster** despite rising inventory — a clear signal of intense buyer competition.

Buyers

- Be ready to offer same day
- Pre-approval is non-negotiable

Sellers

- Expect fast offers — often multiple
- Move-in ready homes sell fastest

SUPPLY & DEMAND

Inventory & Months' Supply

Active inventory: **950 units** (+12.6% YoY) — Months' supply: **2.0 months** vs. 6-month balanced market threshold.

% of Balanced Market

2.0 of 6.0 months — firmly seller's market

For Buyers

- $200K–$500K range has most new inventory
- Act fast — supply won't last

For Sellers

- Demand still far exceeds supply
- Seller-favorable conditions persist

PRICING POWER

Sale-to-List Price Ratio: 101.0%

Buyers are paying **above asking price** on average — up from 100.0% last year. Luxury segment ($1M–$3M) reaches **103.8%**.

Why It Matters

- Competitive bidding is the norm
- List price is the floor, not the ceiling
- Higher segments see highest premiums

Market Implications

- **Buyers:** Budget above list price
- **Buyers:** Escalation clauses recommended
- **Sellers:** Price confidently at market
- **Sellers:** Expect at or above asking

NEW SUPPLY

New Listings: 754 Homes

Year-Over-Year

New listings jumped **+20.8%** from last year — the largest single-year surge in recent memory, driven by improving mortgage rates unlocking move-up sellers.

Why It Matters

- More choices entering the market
- Spring pipeline looks very strong
- Pending sales up 42.7% — demand absorbing supply fast

For Buyers

- More options — but still move quickly
- Spring is peak season to search

For Sellers

- List now to capture spring demand surge
- Competition increasing — differentiate early

AFFORDABILITY ANALYSIS

Affordability & Income Context

$106K

Median HH Income

$380K
